LIBRARY (IOP)

The Institute library continues to cater to the needs of the Institute's staff, students and the research staff by subscribing to **60** (Indian and foreign) journals. The faculty of Safdarjung hospital is also using the facility. The library serves the scientific staff, DNB, MSc, Ph.D. students, WHO fellows and trainees by getting books and other library services. The users access the online journals and reprints through inter-library loan from Safdarjung Hospital Library, NIC, National Medical Library, INSDOC and others as requested by the scientific and administrative staff of the Institute. The library also receives inter-library loan request on e-mail to send photocopies of the same by post free of cost. The photocopy facility for the scientists and students is being continued.

The Institute library has more than **10,000** books, bound journals, CDs, thesis, annual reprots, WHO and AFIP fascicles pertaining to pathology, cancer, computer science, immunology, infectious diseases, toxicology, statistics, electron microscopy, confocal microscopy, sub-branches of pathology and other specialized medical subjects and Hindi books have also been added to the library collection, Central News Agency (In-print and online through Sc.-Direct) and PUB-MED, NML-ERMED (consortium between NML, ICMR and AIIMS) and other online services are also provided for the scientific and technical staff of the Institute. JCCC and J-Gate custom content for consortia through Informatics India Ltd. is used for resource sharing of other ICMR library also provides other services like indexing and abstracting of books and journals. The library displays the recent scientific publications, annual reports, newsletters of other Institutes and newspaper clippings of scientific, technical and govt. policies.

Local Area Network (LAN) facility with two nodes terminal internet connection has been installed in the library for internet browsing and e-mail access. Online journals which are subscribed from Science-Direct, ICMR Consortia, NML-Ermed can be accessed on their desktop by scientists.

The IOP Newsletter (Quarterly) is being continued since 2003-published and distributed.
