

## CURRICULUM VITAE

### Dr. Ruchi Singh

**Designation:** Scientist E

**Organization:** National Institute of Pathology, Indian Council of Medical Research (India)

**Area of Research:** Molecular Biology

#### CONTACT

Room No. 401  
National Institute of Pathology  
(Indian Council of Medical Research)  
Safdarjung Hospital Campus  
New Delhi-110029  
Ph: 91-11-26198402-6 Ext-401  
Email: ruchis@icmr.org

#### EDUCATION

- MSc (Microbiology)
- PhD National Institute of Pathology-ICMR- Jiwaji University, Gwalior
- PDF Centre for Biologics Evaluation and Research, FDA, USA

#### RESEARCH INTEREST

Antimicrobial resistance, Molecular basis of pathogenesis of parasitic disease and drug resistance *Leishmania* and malaria parasite *Plasmodium*.

#### AWARDS AND HONOURS

- **BILL & MELINDA GATES foundation award for Young Investigator** from India and Southeast Asia presented by the International Society for Infectious Diseases at 17th International Congress on Infectious Diseases, Hyderabad, India March 2-5 2016
- Women Scientist award for **best paper** in National symposium on "Microbes in Health and Agriculture" organized by School of Life sciences, JNU, New delhi in 2012.
- **Shakuntala Amirchand award** in biomedical sciences -2006 conferred by **ICMR** in Sep 2009.
- **UNESCO L'oreal International fellowship for young women in life sciences-2006. First Indian Recipient** of the award, selected by a special Selection Committee made up of representatives of UNESCO, the L'ORÉAL Foundation, and Life Sciences research community consisting of member of the International Basic Science Programme (IBSP).

- Awarded JRF and SRF (NET) from Council of Scientific and Industrial Research, Govt. of India (April 1999 - April 2004).
- Director's medal for securing Highest marks in B.Sc in University.
- Director's Medal for securing highest marks in B.Sc. Hons (Chemistry)

## MEMBERSHIPS & AFFILIATIONS

- Life member, National Academy of Vectors and Vector-borne Diseases, Bhubaneswar, Orissa, India
- American Society of Microbiology
- International Society of Infectious diseases

### Patent filed:

- Indian patent (application no. 349/DEL/2014 dated 6 Feb, 2014) filed for " Loop mediated isothermal amplification (LAMP) assay for a reliable and rapid diagnosis of *Leishmania* infection".

## PUBLICATIONS (Selected)

1. **Singh R\***, Singh DP, Savargaonkar D, Singh OP, Bhatt RM, Valecha N.(2017). Evaluation of SYBR green I based visual loop mediated isothermal amplification (LAMP) assay for genus and species specific diagnosis of malaria in *P. vivax* and *P. falciparum* endemic regions. J Vector Borne diseases.

25. Sreenivas G, Subba Raju BV, **Singh R**, Selvapandiyan A, Duncan RC, Sarkar D, Nakhasi HL, Salotra P. (2004). DNA polymorphism in *Leishmania donovani* that distinguishes patient isolates of Kala-azar and Post kala-azar dermal leishmaniasis. *J. Clin. Microbiol.*9:844-848.
26. Sreenivas G, **Singh R**, A. Selvapandiyan, Negi NS, Nakhasi HL, Salotra P. (2004). Arbitrary –primed PCR for genomic fingerprinting and identification of differentially regulated genes in Indian isolates of *Leishmania donovani*. *Experimental Parasitology.*116:110-118.
27. Sreenivas G, Nasim AA, **Singh R**, Subba Raju BV, Bhatheja R, Negi NS, Salotra P. (2002). Evaluation of potential of amastigote derived antigen in diagnosis of Visceral Leishmaniasis. *Br. J. Biomed. Sci.* 59: 218-222.

## Book Chapters

1. **Singh R**, Kulshrestha A, Salotra P .Research in Diagnostic Tools: The Past, Present & Future. In “Kala Azar – Emerging Perspectives and Prospects in South Asia”.Ed. H.P Thakur. Mittal Publications (2011).
2. Poonam Salotra, **Ruchi Singh**, and Karin Seifert Å. Visceral Leishmaniasis – Current Treatments and Needs. In *Trypanosomatid Diseases: Molecular Routes to Drug Discovery*, First edition. Edited by T. Jäger, O. Koch, and L. Flohé. Published 2013 by Wiley-VCH Verlag GmbH & Co. KGaA.

## EXTRAMURAL PROJECTS:

### Ongoing

1. "Identification and charecterization of artemisinin resistance associated gene(s) in *Leishmania*" funded by ICMR (2015-2018). **Principal Investigator**
2. "Investigations on paromomycin resistance in *Leishmania donovani* using molecular and biochemical tools" funded by ICMR (2015-2018). **Co- Investigator.**

## Completed

1. "Evaluation of diagnostic potential of Loop-mediated isothermal amplification for rapid diagnosis of malaria" funded by ICMR (March 2012-2014). **Principal Investigator**
2. "Gene expression profiling in Miltefosine susceptible and resistant *L. donovani* using genomic microarray" funded by ICMR (2009-2012). **Co- Investigator**.
3. Parasite surface antigen-2(PSA-2) of *Leishmania donovani*: studies on its role in parasite virulence, drug resistance and immunomodulation of host macrophage function. (2009-2012) funded by DST. **Role: Co- Investigator**
4. "Basic research study for defining the antimony resistance in *Leishmania* isolated from patients" funded by UNESCO Loreal FWIS. (2006-2008). **Role: Principal Investigator**.
